## **DETAILED ACTION**

### ***Amendment***

1. Receipt is acknowledged of the amendment filed 15 March 2005.
2. This application is in condition for allowance except for the following formal matters:

### ***Claim Objections***

3. Claims 1 and 7 are objected to because of the following informalities:

Regarding claim 1, line 13: Claim 1 recites "said carriers" wherein carriers does not have antecedent basis within the independent claim. Claim 5 introduces the carriers. Please clarify.

Regarding claim 7: Claim 7 is dependent on cancelled claim 6. Please clarify.

Appropriate correction is required.

### ***Allowable Subject Matter***

4. Claims 1-5 and 7-12 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: The best prior art of record, Burkart, fails to specifically teach all of the limitations and relationships of the objects within the claims. For example, regarding claim 1, Burkart fails to teach that the control slide is a rack with opposite toothing formations and also fails to teach the specific relationship that the carrier comprises a gearwheel mounted therein, wherein the gearwheel engages a respective push rod and a toothing formation of the control slide. In addition, the best prior art of record fails to

Art Unit: 2876

teach other limitations such as a pair of gearwheels, a carrier covering, and a reduction gear.
